

# Create and configure IBM cloud services

## Create Node-Red service

Date	16 November 2022
Team ID	PNT2022TMID12805
Project Name	Project - Personal Assistance For Seniors Who Are Self-Reliant

The image shows a screenshot of the IBM Cloud Developer console and the Node-RED web interface. The top part of the screenshot displays the IBM Cloud console for the application 'Node RED MOBSP 2022-11-15'. It includes details such as the App URL, Source, Resource group, Deployment target, and Created date. The 'Services' section shows the 'Cloudant' service connected. The 'Deployment Automation' section shows the 'pr-pipeline' and 'ci-pipeline' with their respective statuses. The bottom part of the screenshot shows the Node-RED web interface, which is a visual programming tool. It features a workspace with a flow named 'Flow 1' containing a 'Hello Node-RED!' node and a 'msg.payload' node. The left sidebar shows a list of nodes categorized into 'common' and 'function'. The right sidebar shows the 'info' panel for the selected 'msg.payload' node, displaying its ID and type.

Node-Red service is successfully created.
